**Temporary Temples** *Summer Lectures*

---

# Crop Circle Conference

---

**2020**

Sat 26th Sept - Saturday 31st Oct  
ONLINE

# Welcome!

*A very warm welcome awaits you at our event!*

*Our conference is for anyone who has an interest in the crop circles; from beginners, to veterans and everyone in between. We are the only crop circle centred conference anywhere!*

*Our event will take place online this year because of the Covid Pandemic - but we aim to bring as much of the spirit of the conference as we can to our online offering.*

---

## Workshop Programme

***We will be running two online workshops each will run for 2 hours.***

### **An Introduction to Crop Circle Geometry**

*A hands-on workshop in which we explore the geometry of the crop circles. Great for newcomers, yet still satisfying enough for the more experienced. In addition to looking at some key components of crop circle geometry, we hope to get you drawing! With live demonstrations we hope you'll draw along with us! **Saturday 3rd October 6-8pm Uk time.***

### **An Introduction to Crop Circles and Consciousness**

*A participatory workshop which looks at the role consciousness plays in the crop circle phenomenon; synchronicity, dreams and the impact the crop circles have on the psyche. **Sunday 4th October 6-8pm Uk time.***

*Explore Sacred Geometry and the crop circles with hands-on drawing exercises & look at the link between crop circles and consciousness*

# Lecture Programme

All lectures will take place online between 6 - 7.30pm UK time. Each presentation will be 60 mins and then we will allow 30 mins for questions and discussion. Recordings will be available to download for those booking for the conference.

**About Us:** You'll find our conference is a little less about entertainment and more about community and collegiality. It's an event where the crop circles are not only enjoyed and celebrated, but where people can come and join in. Our speakers will be drawn from those who have actually spent time in the fields and those who are actively engaged in the endeavour to better understand the phenomenon. Our speakers will not just be published authors or professional orators, but people who genuinely have something interesting and progressive to say about the phenomenon. Get ready for great ideas and amazing stories!

**Find Out More:** You can read much more about our event on our website. You can also contact us there to ask any questions you may have.

**Booking:** Tickets must be booked through our website please. Our workshops have limited numbers so will usually fill-up first.

**Venue:** Our 2020 will take place online for those that book, recordings of the lectures and the Geometry Workshop will be available for download via Google Drive. A link will be sent to you. Please note we will not be recording the consciousness workshop.

**Tickets:** Tickets begin for as little as £10 for a single lecture and there is a discount for those booking for the entire event. Please book on our website.

### **Accessing our online events is easy!**

We will be using the ZOOM app for our all online sessions. If you've never used ZOOM before we will send you full instructions for downloading and using the app when you book. The ZOOM app is free to download and you will not need a paying account to take part. You can use ZOOM on most devices, we

recommend using your PC or laptop for the best view of the presentations.

### **Accessing Recordings of our Lectures & Workshops**

We will be recording the all lectures and the geometry workshop and these will be made available as downloadable videos via a Google Drive link. These recordings will only be available for those booking for the conference in advance, they will not be available for general sale after the event. Please note that we will not be recording the

consciousness workshop because of the nature of the work we do during that session.
